

Observed and ERPAS rainfall anomalies — IC 02 August 2023

Native grids retained • identical Thursday-Wednesday valid weeks • no spatial interpolation

IMERG: Final V07B minus fixed 2001–2022 IMERG climatology. ERPAS: provider mean minus provider reforecast climatology.

*ACC is the audited area-weighted score on the common 1.5° India grid; native maps are a visual diagnostic and are not scored against unequal grids.
